

Ogeborg — Tiles

Ogeborg Tiles

Tiles

Ogeborg has a broad collection of carpet tiles with a wide range of textures and shapes that makes it possible to create almost any pattern or effect. Carpet tiles are suitable for high-traffic areas and are easy to install and exchange. Tiles are mainly used for office environments, but can also be suitable for restaurants, hotels and hallways.

With carpet tiles you can combine textures, colours and shapes to create your own textile floor.

Tiles are easy to install and exchange, and if an area of the floor gets damaged you can exchange the tile without having to replace the whole floor.

We have a wide range of carpet tiles. Here we showcase a few to visualize the endless possibilities when using tiles in an interior.

Alaska

Ogeborg Tiles — Collection: Alaska. Colour: Wolf.

Alaska with its twelve colour tile collection is easy to combine with each other. The pattern structure allows the tiles to be installed in the same direction of alignment to create a uniform and harmonious impression.

Contura is a loop tufted tile with several patterns in a sober gray scale base with elements of colour. Install them in the same direction for a seamless pattern, or turned to create contrast.

Contura

Ogeborg Tiles — Collection: Contura Creation. Colour: 5500.

Lateral

Ogeborg Tiles — Collection: Lateral. Colour: Soap stone.

Lateral is a collection of bevelled stripes in eighteen colours. The stripes doesn't align when tiled next to each other which creates an interesting surface. Lateral can be combined with the collections Code and Zip that share the same colour range.

Grade

Ogeborg Tiles — Collection: Grade. Colour: Ruby.

Grade has a sober colour scale of nine colours and a distinctive gradient through each tile. Grade is available as both 50x50 cm tiles and 25x100 cm planks that can be used to create various pattern combinations.
