## Twine Collection

Twine is a handwoven collection by Alexander Lervik that was inspired by the art of braiding hair. An innovative handwoven technique is used to give the carpets a beautiful intricate pattern in natural high quality wool.

Twine is a part of Ogeborg Design Collection and the timeless carpets are available in five combinations - Nature, Rose, Petrol Green, Aqua and Ochre, all with double knotted fringe endings.

**For over five** decades Ogeborg has been a family-owned business in Sweden. In our design collaborations we invite designers to work closely together with us in the process of creating a rug. We do everything with a great attention to detail and with a profound understanding of the tactile values a rug or carpet requires. We work with honest materials and long lasting high quality yarns that breathes tradition and craftsmanship. A rug helps to define a room and the function of a space. It can set the tone for the whole interior or play a small modest part in enhancing the overall feeling. In 2019 Ogeborg launched the collection Twine, a design collaboration together with Alexander Lervik.
